

- Notes**
1. Well yield 6 gpm, constant pressure pump
 2. All piping = 1" sched 40
 3. Spray heads on 20-foot grid at North. Variation as needed for site, going south
 4. Avoid drip irrigation, would run pump all the time
 5. Pre made manifolds, valve boxes, valves, flow meter, and fittings at hand

Nozzle colors

Maroon	MP1000 90-210
Black	MP2000 90-210
Red	MP2000 360
Blue	MP3000 90-210
Gray	MP3000 360

1" supply to gate manifold

2 @2" conduits to gate
